- 1 The term *community-only residents* includes beneficiaries who resided only in the community during the year. It excludes beneficiaries who resided part of the year in the community and part of the year in a long-term care facility, and it excludes beneficiaries who resided only in a long-term care facility during the year.
- 2 Responses for sample persons not interviewed in Round 16 (i.e., the 1996 Access to Care Public Use File) were taken from their Round 13 interview (i.e., the 1995 Access to Care Public Use File) or from their Round 19 interview (i.e., the 1997 Access to Care Public Use File).
- 3 The percentages for *none* under *Usual Source of Care* differs from the percentages for *no usual source* under *Length of Association with Usual Source of Care* because of differences in the number of missing responses for the two variables. See the entry *Missing values* in Appendix B for further explanation.
- 4 *HMO* stands for Health Maintenance Organization.
- 5 *OPD* stands for Outpatient Department; *ER* stands for Emergency Room.

- 1 The term *community-only residents* includes beneficiaries who resided only in the community during the year. It excludes beneficiaries who resided part of the year in the community and part of the year in a long-term care facility, and it excludes beneficiaries who resided only in a long-term care facility during the year.
- 2 Responses for sample persons not interviewed in Round 16 (i.e., the 1996 Access to Care Public Use File) were taken from their Round 13 interview (i.e., the 1995 Access to Care Public Use File) or from their Round 19 interview (i.e., the 1997 Access to Care Public Use File).
- 3 The percentages for *none* under *Usual Source of Care* differs from the percentages for *no usual source* under *Length of Association with Usual Source of Care* because of differences in the number of missing responses for the two variables. See the entry missing values in Appendix B for further explanation.
- 4 *HMO* stands for Health Maintenance Organization.
- 5 *OPD* stands for Outpatient Department; *ER* stands for Emergency Room.

- 2 Responses for sample persons not interviewed in Round 16 (i.e., the 1996 Access to Care Public Use File) were taken from their Round 13 interview (i.e., the 1995 Access to Care Public Use File) or from their Round 19 interview (i.e., the 1997 Access to Care Public Use File).
- 3 Column percentages do not sum to 100 percent because the responses to *satisfied* and *no experience* are excluded from the table for all satisfaction variables.

- 1 The term *community-only residents* includes beneficiaries who resided only in the community during the year. It excludes beneficiaries who resided part of the year in the community and part of the year in a long-term care facility, and it excludes beneficiaries who resided only in a long-term care facility during the year.
- 2 Responses for sample persons not interviewed in Round 16 (i.e., the 1996 Access to Care Public Use File) were taken from their Round 13 interview (i.e., the 1995 Access to Care Public Use File) or from their Round 19 interview (i.e., the 1997 Access to Care Public Use File).
- 3 The subcategories of *Indicators of Good Health* and *Indicators of Poor Health* are not mutually exclusive. Therefore, beneficiary counts sum to more than the total number of Medicare beneficiaries.
- 4 *No functional limitations* means that the beneficiary did not report limitations in any instrumental activities of daily living (IADLs) or activities of daily living (ADLs). See Appendix B for definitions of IADL and ADL.
- 5 *ADL* stands for Activity of Daily Living.
- 6 The percentages for *none* under *Usual Source of Care* differs from the percentages for *no usual source* under *Length of Association with Usual Source of Care* because of differences in the number of missing responses for the two variables. See the entry *Missing values* in Appendix B for further explanation.
- 7 *HMO* stands for Health Maintenance Organization.
- 8 *OPD* stands for Outpatient Department; *ER* stands for Emergency Room.

- 1 The term *community-only residents* includes beneficiaries who resided only in the community during the year. It excludes beneficiaries who resided part of the year in the community and part of the year in a long-term care facility, and it excludes beneficiaries who resided only in a long-term care facility during the year.
- 2 Responses for sample persons not interviewed in Round 16 (i.e., the 1996 Access to Care Public Use File) were taken from their Round 13 interview (i.e., the 1995 Access to Care Public Use File) or from their Round 19 interview (i.e., the 1997 Access to Care Public Use File).
- 3 HMO stands for Health Maintenance Organization.
- 4 Column percentages do not sum to 100 percent because the responses to *satisfied* and *no experience* are excluded from the table for all satisfaction variables.
